Monadnock United Way

2022 Annual Campaign

United We All Win...Fundraisers, Hand-Raisers and Gamechangers

You changed the game last year. People received food and emergency shelter. Child care centers remained open and viable. Families received essential services. Our partners, our initiatives, and the community flexed time and again to help every person possible – because of your generosity. Today, our community continues to strengthen. Yet we face some hard realities highlighted by the pandemic.

Too many of our neighbors are still facing hardship:

- We still have third highest rate of child abuse and neglect in the state
- Our children still score lower than the rest of the state in English and math
- One quarter of our residents are low-income. The rest of NH the rate is 1 in 5

These statistics are likely to get worse in the months to come.

Poverty, abuse, and low educational achievement reinforce each other; creating a downward cycle that harms a community and destroys its vibrancy. The damage seeps in over time, often taking a generation to become obvious. We can't wait that long to act.

Together we can eliminate and change these realities forever.

There are many ways you can donate!
