

MUW General Campaign Chair Special Update

Follow us:

We are so close to hitting our goal of \$1,277,000! A huge “thank you” to everyone who gave to this year’s Better Together campaign. ***Stay tuned for the final thermometer update next week!***

Thank you from General Campaign Chairs Laura, Ted, and Alan!

PLEASE NOTE:

With the importance of social distancing, we are limiting the number of hours that our staff come into the office to process gifts received via US Mail. We are asking donors to use our safe, secure [donation portal](#) whenever possible. However, we gratefully accept checks from anyone who prefers to donate in that manner and we will ensure that they are processed in a timely manner.

Dear Friends of MUW,

What a year this has been! We are so thankful for all we have accomplished with your help and the help of our partner agencies. Although we don’t yet know what 2021 will bring, we are certain that with your continued support, we will continue to fulfill our mission of providing every child, family and individual in our community with the tools and resources they need to be successful.

As we head into the final days of tallying gifts for the Better Together campaign, we are honored to thank our campaign volunteers. We can’t stress enough how important these individuals, 25 to be exact, are to the success of the campaign.

These people give of their time and talent to help get the word out, make thank you calls and solicitations and serve as MUW’s ambassadors to the many businesses that run workplace campaigns.

Campaign volunteers and MUW staff also work directly with 74 Employee Campaign Chairs, individuals working inside local businesses that run campaigns for MUW who ensure that their workplaces hold the most successful campaigns possible. The dedication of all these individuals is a true embodiment of the Better Together campaign theme. And we literally could not run a successful campaign without them.

“This last year has really highlighted the importance of community and the tremendous feats that can be accomplished when we come together, even while being socially distant. COVID-19 showed that there are times when something completely unprecedented can have a life altering impact, creating growing needs across the City, state, and globe. I volunteered with MUW because I strongly believe in their purpose and the support they provide our neighbors throughout the region. We truly are better together.”
