

## Spring Impact Monadnock (IM) Insider!

Spring is an exciting time in New England. As we move closer to warmer weather (hopefully sooner rather than later), we experience a renewed sense of energy. Check out the hard work that has been happening in our region this winter and stay tuned for updates on this work in our summer newsletter.

### Impact Monadnock Pyramid Model Leadership Team

During the final year of the iSocial grant, the Impact Monadnock Pyramid Model Leadership Team continues to look for opportunities to braid funding to support Pyramid Model in the region. The Monadnock Region is piloting 2 of 3 Prevent, Teach, Reinforce for Young Children (PTR-YC) opportunities in the state. PTR-YC is a behavior intervention model and serves as a way to provide supplemental supports to children experiencing challenging behavior. Two pilot opportunities will provide information for the future of systems development to support children with differentiated needs.

### ACERT in Hinsdale

The Hinsdale Police Department and Hinsdale schools are working together to explore and make a plan to implement an Adverse Childhood Experiences Response Team (ACERT) program in Hinsdale. Read more about ACERT programs [here](#).

### Collaboration through Coaching

As the lead agency for Region 1, Impact Monadnock received funding through the Preschool Development Grant for a regional implementation project. This funding is being used to build Practice-Based Coaching capacity in Region 1, which includes the Monadnock Region, Greater Sullivan County and the Upper Valley. Participating programs from the Monadnock Region include: Rise for Baby and Family, Antioch University, Winchester Learning Center, Monadnock Early Learning Center, Fall Mountain Regional School District and the Child Development Center at Keene State College. Coaches will support the beginning or increase of implementation of promising practices.
