WHY PARTICIPATE?
By participating in the Loaned Employee Program, your employee will develop leadership and public speaking skills as well as strengthen team building, project management and analytical skills. Through the interaction that our Loaned Employees have with management from a variety of organizations throughout our community, your employee will gain exposure, promote volunteerism, and experience situations not typically encountered in most training and development experiences. Beyond their contribution to the well-being of our community, the overall LE experience builds confidence, enhances their interpersonal skills and makes them more valuable employees.

WHAT IS REQUIRED?
Time to do the job... All Loaned Employees attend 28 hours of training in early of August. Over the campaign, time commitments vary greatly—a Loaned Employee can spend 10-15 hours a week during peak United Way Campaign time.

An enthusiastic attitude... Good communication skills, coupled with interest in working for the good of our community, are essential Loaned Employee qualities. Organizational skills are equally important as each Loaned Employee will be responsible for managing 10 to 15 accounts.

The desire to become involved... Your commitment and energy influences the outcome of an employee campaign. Loaned Employees have the opportunity to make a significant contribution to our community throughout the course of their LE experience.

LOANED EMPLOYEE PROGRAM
VOLUNTEERS ARE CRITICAL TO THE MONADNOCK UNITED WAY AND LOANED EMPLOYEES ARE AT THE HEART OF OUR ANNUAL CAMPAIGN

 Monadnock United Way
23 Center Street
Keene, New Hampshire 03431
603-352-4209
muw.org
“Our Loaned Employees to Monadnock United Way have each been passionate about making a difference. The experience has provided each with the opportunity to learn new skills, to develop leadership qualities, and to serve as a representative of C&S in the community. They’ve given Monadnock United Way the essential “person-power” to develop successful workplace campaigns – large and small – throughout the region. Our company’s gift of the LE’s time and energy helps keep the administrative costs associated with the campaign down.”

Gina Goff
Senior Director of Community Involvement
C&S Wholesale Grocers

“Being chosen as the first Loaned Employee from Southwestern Community Services was an honor for me. As the outreach worker for SCS, I see the direct effect that Monadnock United Way has in the community. During my time as an LE, it was very motivating to meet so many dedicated and amazing people striving to better the community we live in. Also, getting to know the other LEs was a great experience and I am glad to call them my friends. I had a great time and would highly recommend this opportunity.”

Ryan Bell
Homeless Outreach Intervention and Prevention Specialist
Southwestern Community Services

“Being an LE was such an educational, emotional and eye opening experience for me. We all shared many great opportunities to network, team build and learn new leadership skills together as a group. More importantly, it taught us about ourselves and why we were there volunteering our time to such a great program. We discovered that everyone has a story and no one is immune to tough times. This experience made for some lasting friendships, connections in the community and new volunteer opportunities.”

Maida Lessard
Executive Assistant
C&S Wholesale Grocers

“When I was asked to be a Loaned Employee, I agreed to do it, but did not know what it really meant. Because of my busy work and personal schedules, I was not sure I would have time to meet the requirements of an LE. My supervisor reassured me that the office staff would pick up the extra workload while I was out of the office for such a worthy cause as United Way. Attending the week-long training session helped me learn more about how the organization impacts our community. Much to my surprise, I learned that United Way was huge part of what makes our community so strong, vibrant, and exciting throughout the entire Monadnock Region. There is not a day that passes that I do not see something that reminds me of Monadnock United Way and what the organization has done in the past and what it continues to do in the future!”

Heather Fitz-Simon
Administrative Assistant
City of Keene

“The opportunity to be a Loaned Employee for Monadnock United Way was more beneficial and rewarding than I could have hoped for! As a new member of the community, this gave me the chance to get to know local organizations, local people, and learn about some of the amazing non-profits in our region. I saw firsthand how the United Way helps to enhance our communities, all while learning valuable project management and leadership skills. The energy of the team is contagious and you will truly find yourself LIVING UNITED!”

Veronica Turk
Lead Generation Specialist
ES3, LLC

“Over the years I have had the pleasure of working on the MUW campaign, but it wasn’t until I had the opportunity to work as a Loaned Employee that I really learned about the campaign on a much deeper level and discover the other ways MUW provides outreach and services to unify and strengthen our local community. The unique LE training program not only provided an overview of MUW, but it also included so much more: public speaking, confidence, character building skills and general professional development; all in a comfortable and laid back atmosphere with a group of fellow volunteers who become your friends. These skills were helpful in rising to the challenges of being an LE, but also transferred to my work and home life. I found the training and my work with the campaign to be such a rewarding experience, and the new relationships I gained with other community members a true gift.”

Kendra Carter
Retail Operations Coordinator
Savings Bank of Walpole
