2022 Annual Campaign

MUW General Campaign Chair Update

Follow us on our social media!

Dear Friends of MUW,

Here at Monadnock United Way, we're focused on making our community a better place. Not only is it part of the mission of MUW, but it's also part of the DNA of our community.

That's why MUW celebrates the contributions of volunteers, community-wide, today and every day. Whether you're spending an hour a week reading to young children to boost their skills, contributing to the latest food drive, or taking part in volunteer activities through your place of employment—you are making our community a better place to live.

It's that kind of commitment and involvement that is helping to improve children, education, and financial stability in our community.

Research tells us that volunteerism isn't just good for the community, it's good for us, too.

Volunteering provides opportunities to connect in new ways, whether as a family or an individual.

Volunteering helps children learn about responsibility to others and about having a stake in the community. Working as a family team reinforces the importance of doing your part to achieve a greater goal. Volunteering stimulates empathy and introduces the volunteer to new experiences and opportunities.

It is a fact that people who volunteer experience a boost in their mental health. [We feel good—mentally and physically—when we do good!](#)

And it's good for business, too. According to [America's Charities](#), 88% of employers believe effective employee engagement programs help attract and retain employees. And 71% of employees say its imperative or very important to work
