Dear Friends,

The work of before and after school programs is just as important to children and their parents as quality child care. Monadnock Region After School Collective (MRAC), an MUW funded initiative which is made up of seven programs around the region, provides quality educational activities and social emotional support to many students across the region. This was even more important during the Covid-19 pandemic.

Franny Ashworth, Program Director for Project Beyond the Bell, the Monadnock Regional School District's before and after school program said,

"The funding we received from MUW was like a breath of fresh air in that we were allowed to spend it flexibly. It allowed us to open our classrooms to the children of our school district's teachers. We would have had 27 teachers leave if we weren't able to give their kids a supportive, safe place to be. They wouldn't have been able to be present for their students if they were worried about their own little ones at home."

We hope you enjoy the video Franny made of her students during the Covid-19 pandemic. Even in the worst of times, Project Beyond the Bell found a way to keep children and their parents happy and engaged!

Sincerely,

Danya Landis, Karen Peterson, & Beth Wood
Stronger Together, General Campaign Co-Chairs
